## Scholarship Application

Approximately half of Knik's income is derived from player registration fees. While no player is turned away because of financial difficulties, the league obviously needs to collect registration fees if the program is to continue. The Knik Board of Directors has set the fair share, per player registration fee for divisions of play as follows:

\$100 for Tee Ball and Coach Pitch

\$160 for Minor Baseball and Softball

\$200 for Major (Little League) Baseball and Softball

\$205 for Junior, Senior, Big League Baseball and Softball

If a parent can demonstrate that they are financially unable to pay the registration fee, partial or full fee waivers are available. To apply for a fee waiver, please complete this application and submit it to the registration manager or mail it to the above address along with a volunteer application and player registration(s).

*Submitted information will be kept strictly confidential*
